I am a Frontend Developer with a degree in Informatics and experience in developing modern, responsive web interfaces. Proficient in frontend technologies such as HTML, CSS, JavaScript, Tailwind CSS, and React.js. I am also familiar with REST APIs and collaborative tools like Git and Figma. I have experience building websites from scratch to production, both individually and in teams. I am committed to writing clean code, creating user-friendly designs, and keeping up with the latest technologies to deliver efficient and optimal web solutions.

PROFESSIONAL EXPERIENCE

Junior Frontend Developer

September 2024 – now

Biro Sistem Informasi UAD – Bantul, Yogyakarta

- Developed and maintained internal web interfaces using React.js, Vue, and Tailwind CSS with backend support in PHP and Laravel.
- Implemented modern and interactive UI using ShadCN UI and JavaScript.
- Collaborated with backend teams to integrate REST APIs efficiently.
- Conducted interface testing and improvements based on user feedback to enhance UX and app functionality.

Practicum Assistant

November 2022 – June 2025

Laboratorium Informatika UAD – Bantul, Yogyakarta

- Assisted practical sessions for various courses such as Programming Basics, Web Programming, Logic, Databases, Statistics, OOP, Machine Learning, Dynamic Web Programming, and Computer Vision.
- Guided hundreds of students in understanding programming concepts and completing assignments.
- Helped lecturers prepare modules, quizzes, and teaching materials, while providing direct feedback to students.
- Used technologies such as Python, C++, MySQL, HTML, JavaScript, and OpenCV in labs.

Coordinator of Practicum Assistant

September 2023 – September 2024

Laboratorium Informatika UAD – Bantul, Yogyakarta

- Managed assistant teams for courses like Programming Basics, Web Programming, and Dynamic Web Programming.
- Scheduled sessions, conducted weekly briefings, and bridged communication between lecturers and assistants.
- Ensured the quality of practicum implementation through regular evaluation and feedback.

Co-Trainer

November 2024

Universitas Ahmad Dahlan – Bantul, Yogyakarta

- Facilitated soft skill and self-development training sessions for new students.
- Led discussions and case studies, provided feedback to participants.
- Trained students in public speaking, empathy, and leadership.

Visitor Service & Data Assistant

November 2022 – October 2024

Museum Muhammadiyah – Bantul, Yogyakarta

- Handled visitor registration and resolved technical issues during visits.
- Managed and analyzed visitor data to improve museum services.
- Created weekly content and handled museum social media publications.

EDUCATION

Bachelor of Informatics

September 2021 – September 2025

Universitas Ahmad Dahlan – Bantul, Yogyakarta

- GPA: 3.88 / 4.00, Cum Laude
- KKN Team Leader (100% work program realized)
- Web Programming Practicum Coordinator (best practicum results)
- Peer Counselor for academic and mental health support

ORGANIZATION / ACTIVITIES

Peer Counselor – Universitas Ahmad Dahlan

2023

Mobile Developer – Bangkit Academy led by Google, Tokopedia, Gojek, & Traveloka

2023

Ikatan Mahasiswa Muhammadiyah (IMM) – Universitas Ahmad Dahlan

2022

CERTIFICATIONS

Networking and Infrastructure – BPPTIK

2023

ACHIEVEMENTS

2 nd Place National Dynamic Web Programming – Informatics Competition 2024	2024
2 nd Place National Web Design – Creatin 2022	2022
1 st Place Web Development – Parmatika UAD	2022

SKILLS

Hard-skill	HTML, CSS, JavaScript, React.js, Vue.js, TailwindCSS, ShadCN UI, TypeScript, PHP, Laravel
Soft-skill	Leadership, AI tools, Strong time management
Bahasa Indonesia	Native
Bahasa Inggris	Intermediete

PROJECT HIGHLIGHTS

HKI UAD – Intellectual Property Management System Frontend Developer – Biro Sistem Informasi UAD	September 2024 – December 2024
<ul style="list-style-type: none">Designed and built a web-based system interface for lecturers and researchers.Used Laravel and Bootstrap for data input, reporting management, and dashboards.	
SIMAM – Muhammadiyah Asset Management System Frontend Developer – Biro Sistem Informasi UAD	December 2024 – Mai 2025
<ul style="list-style-type: none">Developed the asset management interface using React TypeScript, Tailwind CSS, and ShadCN UI.Built asset input pages, dynamic tables, filters, and visualization dashboards.Integrated REST APIs and ensured responsive, user-friendly design.Applied modular UI and reusable components for faster development and design consistency.	
SAPEN Admission Portal – SD Muhammadiyah Sapen Frontend Developer – Biro Sistem Informasi UAD	Mai 2025 – Now
<ul style="list-style-type: none">Created online student registration system using React.js and Tailwind CSS.Designed registration forms, user input validation, and confirmation pages.Developed an admin dashboard using Vue.js and Tailwind CSS for real-time applicant management.Collaborated with the backend team for smooth data integration and responsive UI.	
Library Management Information System – PP Aisyiyah Project Manager – PP Aisyiyah	March 2024 – June 2024
<ul style="list-style-type: none">Led the team in designing and developing a digital library system using MERN Stack (MongoDB, Express.js, React.js, Node.js).Managed project planning, scheduling, task distribution, and stakeholder communication.Oversaw development of book cataloging, search features, and membership input.Prepared project documentation (proposal, MoU, final report) and presented results.Applied agile methodology for iterative development.
